

St Heliers School

Strategic Plan 2010 - 2013

Teaching and Learning

- Provide a high quality teaching and learning programme to enable all students to reach their full potential.
- Maintain and enhance excellence in literacy and numeracy.
- Use good quality assessment practices to identify and inform next teaching and learning steps, taking account of special learning needs or abilities.
- Integrate ICT into teaching and learning programmes.
- Continue to integrate the school vision and values into all aspects of school life.

Planning, Reviewing & Reporting

- Review the school's policies, plans and programmes to ensure appropriate planning and reporting.
- Comply with all regulatory and legislative requirements.

Community

- To be a welcoming community and to promote high levels of community involvement.

School Vision

St Heliers School is a welcoming community that stands for excellence in academic achievement and in all other areas of school life, fostering independent, well-rounded students.

We are a community that is innovative and encouraging, where sound values underpin all school activities.

Finance and Property

- Allocate and control income and expenditure in ways that effectively support the Strategic and Annual Plans.
- Provide high quality facilities to meet the teaching and learning needs of staff and students.

Environment

- Provide a safe physical and emotional environment for staff and students.
- Develop a culture of pride and respect for the environment and its sustainability.

Staff

- Provide an environment that attracts, retains and develops high quality teaching and support staff.
