Dear Parents and Caregivers

Tēnā koutou katoa

It is hard to believe we are at the end of Term 1 already and I have finished my first term at St Heliers School. It's certainly been a whirlwind with covid making its way through the school. However, through the hard work of everyone; parents, staff and students; working with tight restrictions, isolating and complying with government measures, we have got to the end of the term without needing to send home year groups or closing the school. Omicron hit approximately 20% of our students and staff and at the peak we had diminished classes from students who were either positive or household contacts. We are still reporting cases, although most days there are either none, or 1 or 2. We allowed parents to collect their children from the classroom two weeks ago and this week the whole school now have the same break times. Students are still separated into 2 year groups but are enjoying the relaxed break time restriction. I have been impressed by how quickly staff and students engaged in meaningful learning programmes, learning support was put in place and units of work are being completed this week. Students were able to participate in sports and activities such as Y7 Challenge Week, Y6 Trip to Tiritiri Matangi Island, the Y8 Local Landmark Walk and many more. This is the first completed whole term at school since Term 2, 2021!

I would once again like to thank the Board, staff and the whole parent community for their support, encouragement and welcome and I would like to thank the children who showed their St Heliers spirit through the values, and high standards they hold.

CHANGES AHEAD

The country moved to orange last night and although schools were required to keep their current measures today, there will be changes to the requirements for our school for Term 2. The Senior Leadership Team will notify you on Tuesday 26 April of what these changes mean for students, staff and parents. I will say now that we will all be finishing school at 3pm.

STUDENT LEADERS

Congratulations to the 13 children who were selected as Student Leaders for 2022. They went through a rigorous process for selection. They each wrote an application, gave a 30 second pitch to all Year 7 and 8 students who then voted. Finally the Year 7 and 8 teachers, Year 6 team leader, and the senior leadership team deliberated to make the final selection taking everything into account. In all 37 students applied and all the children did a fantastic job of their applications and pitches, so must also be congratulated. There may be one or more children added to the team next term.

MINDFUL PARENTING

Last night we hosted a Google Meet workshop with Shirley Pastiroff. Shirley is a parent coach and passionate about sharing research-based parenting solutions. Shirley very kindly offered to run a 90-minute online workshop to support understanding the anatomy of stress and teach the MLP (Mirror Link Pause) technique to support us engaging with our children in moments of heightened anxiety, reactivity, or frustration. We had over 60 parents and local community members join us for this workshop. I want to say a big thank you to those families for attending the online event. Although we would have all preferred to be face to face, it did create the opportunity for some reflection and new learning. I hope all our families found it useful and are able to try using the MLP technique. Shirley is running her next Mindful Parenting course next term at Glendowie Primary and further information is attached to this newsletter.

ROOM 18 CONNECT WITH GRACE JOEL

For the past six years, Year 4 students at St Heliers School have visited Grace Joel Retirement Village regularly once a term to share stories, poems and songs with the residents. During the lockdowns of 2020 and 2021 this unique opportunity for two generations to meet and learn from one another was lost, leaving many of the residents of Grace Joel feeling very isolated and alone.

Returning to school this year, the Year 4 students in Room 18 decided in Week 2 to write to the Grace Joel residents to introduce themselves. They included many personal and entertaining details about themselves and their families. A photo was also included and the Grace Joel residents were reportedly delighted to receive a bundle of letters from students so young. Inspired and energised, the Grace Joel residents set about writing letters in response. . Soon after Year 4 students Emily Ball, Sammy Partridge and Jackson Pateman got special mention in the Grace Joel Newsletter article about the letter writing. Then Miss Mill got a surprise email from TV3's The Project! They wanted to interview the Grace Joel residents - some of whom were past pupils of St Heliers School - and Room 18 about the letters.

On Friday April 1 TV3's The Project crew arrived and spent two and a half hours interviewing and filming the students and Grace Joel residents as they met for the very first time. Sammy Partridge, Jemma Kieghtley-Wills, Arnold Kostygin, Jackson Pateman and Emily Ball enjoyed screen time with past pupils Tom Pearson, Peggy, Dorothy Diamond, Jim S.P (97) and Cliff Hart (95). It was a memorable and heartwarming experience and deeper bonds of friendship and understanding were created.

Room 18 have since created Easter cards and reply letters to the Grace Joel residents and hope to see them all again soon next term.

CULTURE AND IDENTITY

Children in Year 4 learnt about the diversity of societies, communities, cultures and the identity of people and how they function and interact. The unit culminated in a wonderful cultural parade.
